*Amenities may vary

For decades, the stretch of Collins Avenue that runs through Miami's South Beach area has been the epicenter of hip. With an eclectic mix of nightlife, dining and shopping, the Art Deco district offers a never-ending party atmosphere. By day, the sun illuminates a beachfront community of bright colors and tanned physiques. You can hear, and often feel, the ocean just a couple of blocks away. At night, Collins Avenue turns into a succession of parties that seem to spill into each other without boundaries.
